Foreword

Remembering that a precious thing is all the more precious to us if it has been won by work and economy, we assure you that we have worked and economized for this volume, which we publish as a token of our loyalty to old M.H.S., and as a reminder of the wonderful times we have had in this school.

We want you to read and reread, to love and love again our "Arabian."

Adams Township Officials

WALTER HAYS, *Township Trustee.*

G. E. EARLEY, *President Advisory Board.*

EVAN WILSON, *Secretary Advisory Board.*

CHARLES K. HANKINS, *Member Advisory Board.*

The Class of '30 is not willing to complete their final year of high school without pausing to offer tribute to the above elected officials of Adams township.

We feel that this township has been especially fortunate in having these public-minded citizens in their respective official positions. They have labored diligently for the interest of all, they have sacrificed of their own time for the youth of today and the citizens of tomorrow. Theirs has not always been a pleasant task, but nevertheless has been conscientiously done—and hence "Praise to whom praise is due."

Fall Creek Heights

The school, Fall Creek Heights, was dedicated and so named in March, 1928. It is located on the northern height of Fall Creek one mile north of Emporia.

It is a consolidation of all the districts in northern Adams township. The schools known as Bethel, Emporia, and Lost Woods entered the new building January 1, 1928. The Ovid school did not enter until September of that year.

The school was organized with Harold Creason as principal and teacher of grades seven and eight, Cynthia Robinson teacher in grades five and six, Helen Ebbert teacher in grades three and four, and Josephine (Ebbert) Thornburg teacher in grades one and two.

The enrollment of the school has advanced from one hundred to one hundred and sixty.

PARENT-TEACHER ORGANIZATION

A parent-teacher organization was organized at the Fall Creek Heights school in February of 1928. The officers elected were Clark Stohler, President; Helen Ebbert, Vice-President, and Mrs. Kenneth Eckhardt, secretary.

The organization has prospered and been well attended since beginning. The parents have cooperated by attending the meetings regularly. They have given several plays and suppers, etc., in order to make money.

The organization has been helpful to the school. It has bought a curtain for the stage, set out trees in the lawn, and is contemplating helping to buy library books to bring the school library up to standard.

However the organization continues to be a local organization. During the summer months it meets regularly as a community club.

THE HOUSE OF A THOUSAND THRILLS

SYNOPSIS

Mona Carlton seeks the aid of David Arden to help her solve the mystery in her home of the strange rappings in the walls at night, footsteps in the dark, and the lights going out without any reason. Mr. Arden consents to come to Carlton House.

Serena and Miss Temple discuss Mrs. Carlton's biography and her jewels. Serena's extreme nervousness is caused by the strange knockings. Ronald Melville comes home. He and Agnes plot to get their grandmother's jewels.

Near the end of the story the girl who is supposed to be Mona Carlton proves herself to be Mona and that Ronnie is not Ronald Melville but an impersonator. Time of presentation—About two hours.

SYNOPSIS OF PLAY

Cecil Arlen Lewiston, a youth of eighteen, thinks he has several similar characteristics with the world-renowned flyer, Charles Augustus Lindbergh. In this he is encouraged somewhat by his "pal," George Brock. In his speech and dress he tries to pattern after "Lindy," even to the extent of snubbing Dolly and Katie, former girl friends. The long-time negro servant, Blossom, eavesdrops on various conversations in the Lewiston living room and reports same to the family. The father has planned to put his son to selling insurance and the mother contemplates a literary career for him. His sister, Margaret, madly infatuated with a city "dude," Mr. Allen, is terribly frightened lest "Sissy's" strange behavior lower her social prestige. Grandma Arlen seems to be the balancing force for the entire household.

Following his high school graduation "Lean Lewey," as Cecil styles himself, is put to work and everything seems to be moving along smoothly until a Col. Harden, the hard-boiled head of a local aviation field, appears and warns the family that "Lewey" will be turned over to the police if he continues to "hang around" the aviation field as he has been doing for several weeks past. He especially warns them to keep him away from the field on "stunt day."

On that particular day "Lewey" slips away from home early—before the others arise. He goes to the air field and sneaks on top the wings of a parked plane, that he may the better view the air maneuvers. The plane ascends and he is unable to reach the ground. He desperately hangs by one hand to the flying plane for a half hour (his own statement later explains why this was possible), and as a result is awarded the $10,000 stunt prize. "Lewey" comes home in triumph—assured of a future in the air. Bill Jenks, a local star reporter, trails him for copy and pictures and "Lewey" even condescends enough to remember the "new girl," Betty Duffield. And of course everyone claims the credit for his remarkable feat.

Junior–Senior Reception 1929

The Junior-Senior reception was held in the banquet room of the Grand Hotel at Anderson, April 12. The banquet room was beautifully decorated in green and white. The color scheme was carried out in the table decorations, white rosebuds being given as favors. The dinner was sumptuous and was made even more palatable by the joking of the members of the classes.

The guests included the Trustee and his wife, the High School Faculty, Mrs. Walker, and the Junior and Senior classes.

The entertainment was furnished by a theater party at the Riviera Theater. The picture was "The Ghost Talks." All reported a very pleasant evening.

Senior Reminiscences

"Where do we sit," was the question asked by twenty-four green freshmen in the year 1926 of the month of September. After much excitement we learned what subjects we were to take and who our teachers were to be. Mr. Noland was our principal and later beame our sponsor. Mr. Ewing endeavored to teach us Algebra, Miss Pearson tried to teach us Latin and English, and Miss Stohler attempted to teach us Domestic Science. Once during the winter an imaginary sled party came to the house of Nora Kennedy in machines since the roads were too slick for horses. The class was sponsored by Mr. Noland and Miss Stohler. Later in the year a hay ride which closed with a wiener roast was held at the over-flowing well. When we noticed that the other classes had selected their officers we decided to do likewise. Charles Gold was chosen president, Harold Ebbert, secretary, and Marie Forte, treasurer.

Our colors were old rose and silver, our class flower, the American Beauty rose, and our motto "Smile Through Your Difficulties."

Again September rolled around. This term it brought the sad news that we had lost three of our classmates, Alice Garris, Dorthy Hartzell, and Minnie Jones, leaving our number twenty-one; but Herman Hankins came and made our number twenty-two. The other classes were showing us more respect now that we have climbed up a grade. Mr. Floyd T. Walker was our only new teacher.

Paul Cole was elected president, Helen Palmer, secretary, and Marie Forte, treasurer. We changed our class colors to purple and gold. Miss Stohler was our sponsor. A party was held at the home of Nora Kennedy and later two wiener roasts were held. One was held at Earl Noland's and the other at the overflowing well. In this year we lost Charles Gold, Daisy Clem, Lyle Williams, Mary Viola Ryan, Kathryn Hodson, and Robert Hiday.

Third year, the Juniors had the great number of sixteen. Our first move was to elect officers. We chose Everett Ebbert president; Marie Forte, vice-president; Paulmer Keller, treasurer, and Helen Palmer, secretary. Miss Titus was the new teacher and therefore she became our sponsor. Clyde Lodge remained in the class long enough for us to change our colors to black and white. We were a busy class. Our first movement was a box social, next was a Hallowe'en party and then came the basketball games. All the Junior girls were occupied selling candy and Eskimo pies.

The last semester we lost Woodrow Fessler. The banquet was over and school soon came to a close. This year we were informed that Herman Hankins and Harold Ebbert wouldn't join our happy throng for the Senior year.

On August 30, 1929, about eighty-one students gathered in M.H.S. Of that number there were thirteen noble Seniors. We had two new ones in our midst, Kilbreath Jones, formerly of Kentucky, and Meredith Delph, of Boston, Indiana. We also have a new teacher, Miss Lucile Clymer.

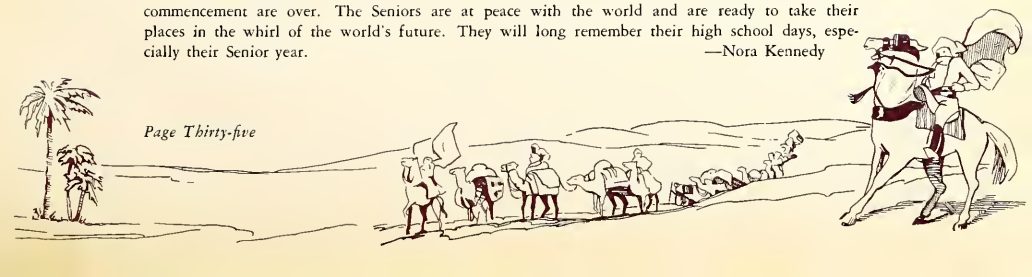

We had one vacant seat because Nora Kennedy had had an appendicitis operation, but she joined us on September 16. Evidently Mr. Jones got homesick because he soon returned to Kentucky.

A skating party was sponsored by the Seniors at Mounds Park. A short time afterward the Seniors enjoyed a wiener roast at Evelyn and Everett Ebbert's home. On November 23, we surprized Paul Chadwick, even though we were delayed a day by a basketball game on November 22. The first of the year has arrived and everyone is sleepy as the result of parties. The Seniors most certainly enjoyed a fine New Year's eve at Eva Williams' home.

The operetta was a success. The tournament was over. The only things that have happened to liven things up are the basketball games, the Sophomore girls, and the fact that the Seniors didn't have any money to buy books.

The class play was a great success. Everyone enjoyed the banquet. The baccalaureate and commencement are over. The Seniors are at peace with the world and are ready to take their places in the whirl of the world's future. They will long remember their high school days, especially their Senior year.

In this way the news leaked out and a gold rush started.

Mr. Chadwick is much admired by ladies, but is a confirmed woman-hater, since the only girl he ever loved turned him down. To this day he denounces women as terrible, disgusting gossipers.

THE ARABIANS MENTOR

What the Name Arabians Signifies

Embodying at one and the same time speed and quickness, agility and sure-footedness, the name "Arabians" is appropriate for this team of clean-playing, hard-fighting young men. Besides being an unusual name it is one not in common use by other High School teams. Until the year 1927-28 the Markleville basketball team had no special name. In that year the name Arabians was chosen by our coach, Mr. Walker.

This Year's Edition of the "Arabians"

This year's edition of the "Arabians" was composed mainly of new players. One outstanding characteristic marked their entire year's work—that remarkable and commendable trait—"never-give up"—the determination to fight to the last minute of every game. In games won and lost their record was not brilliant. However, playing by far the most strenuous schedule that any Markleville team has ever encountered, they have won and retained the backing of the best support of the leading community of Madison County. Keep your eye on them next year—they are sure to make a good record.

PAUL COLE (Joe) *(Center)*

Too much cannot be said about this star hardwood performer. Short for the position, nevertheless he is our pivot man. His unusual jumping ability wins him the tip-off from many who are far above him in height. He is strong on offense, being our second high point man and a star on defense. We believe that his greatest accomplishment was in the Wilkinson contest when he registered more points than the entire Wilkinson quintet. Joe is a Senior.

EVERETT EBBERT ("Bev")

(Forward and Center)

Although he has shown superior ability at the forward berth he has proven that he could be depended upon at center. Bev did not get to participate in athletics until this year but he has made up for lost time by his playing. When he gets started driving down the floor he is difficult to stop without fouling. He is an accurate shot and is difficult to guard. Probably his ability was the most outstanding in the local invitational tournament held in January. Bev is another of our Seniors.

EARL NOLAND (Ick)

(Floor guard)

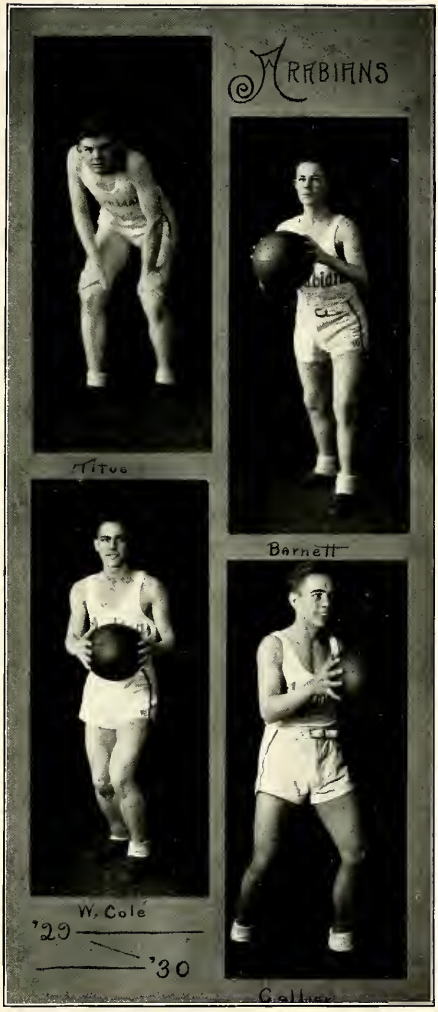

His heady and deliberate playing causes him to be ranked as one of Markleville's best players. He is a good guard besides being a great offensive cog in starting plays. He is also unusually good on intercepting passes. Probably the best features of his playing were shown in the contests against Cadiz and Middletown on Friday and Saturday night preceding Christmas. He is an accurate shot from the charity line. He is a Senior.

PAULMER KELLER (Red)

(Floor guard)

A hard fighter, Red is a good defensive player besides being great on offense. We believe that he excels all on the team when it comes to following in shots. Some good examples of this were in the games at McCordsville, where he scored a number of baskets thus, and also in the Wilkinson game at the local gymnasium. He is also an accurate shot from the free throw line. An example of that was also shown in the same encounter against Wilkinson. This is Red's last year.

L. M. TITUS (Grub) *(Forward)*

Our old reliable veteran forward whose accurate goal-shooting has put him at the head of the list in scoring honors. His height gives him the advantage over many of his opponents and his accuracy from the side on registering field baskets makes him one of the main cogs in the Arabian offense. The best example of his offensive power was in the Eden game, where he registered fifteen points. Grub has one more year to show his ability.

LOWELL BARNETT (Odie)
(Forward)

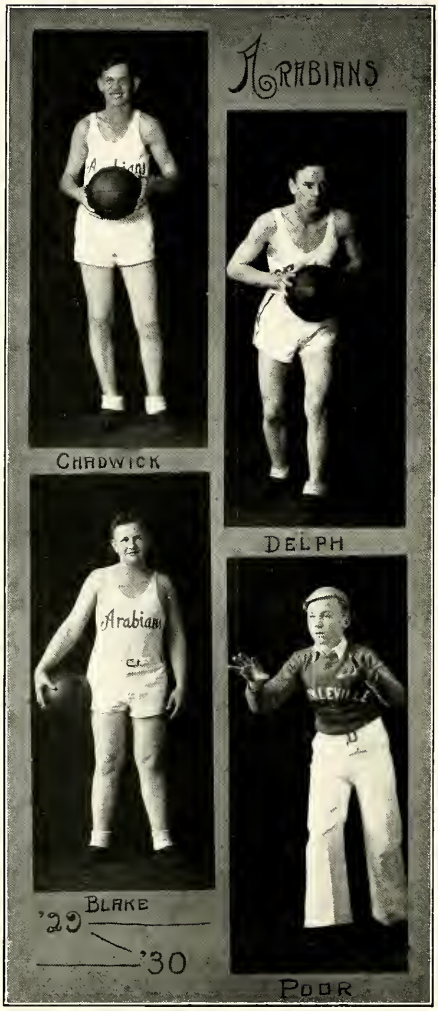

A fighting, flashy forward who enters all games with the old fight and determination to win. Odie is equal to all when it comes to his passing ability. He will pass the ball when he thinks that one of his teammates has as good if not better chance to score. Probably his greatest accomplishment of the season was holding Lewis of Middletown scoreless from the field. Odie has one more year to add fame to his name.

WARD COLE (?) *(Forward)*

Although he started on the second string, he has proven that he deserves a berth on the first quintet. He is another of our flashy forwards, and his unusual back hand shot makes him hard to guard. He is a good defensive player. The most outstanding instance was his guarding of Gentry, Lapel's veteran floor guard. Ward is a good dribbler and passer. We look forward to better work next year. Ward is a Junior.

ROBERT COLLIER (Bob)
(Back guard)

Our diminutive back guard who is little but mighty. Bob's heady work under the opponents' basket and his ability to receive the ball off of the backboard gives him the name of Markleville's best developing product for that position. He has a habit of slipping through the opponents' defense for one or two under the basket shots in almost every contest. His best playing was the guarding of Woosnam, Alexandria's star forward. He also starred in the Pendleton and Middletown games. Bob is only a Sophomore.

PAUL CHADWICK (Chad)
(Center and guard)

"Chad" is the reserve center or guard for the Arabians. His fighting spirit and towering heighth gives him the advantage over most of his opponents. His favorite characteristic is to catch his opponent asleep and sneak under the basket for a two pointer. He excels from the foul line and on "following in" from the right side of the basket. He is a Senior. Though his playing will stop his support will continue.

MEREDITH DELPH *(Forward)*

Ex-Boston star who came to our aid rather late in his high school career. His accurate goal-shooting has put the Arabians in the running in a number of games. Probably the best example of this was in the Pendleton games when he went right out of the second team contest after starring to enter the first team game and do likewise in the main attraction. His unusual dribbling and faking ability helps him to score many a basket. This is the only year that Delph can render his services for M.H.S., for he is a Senior.

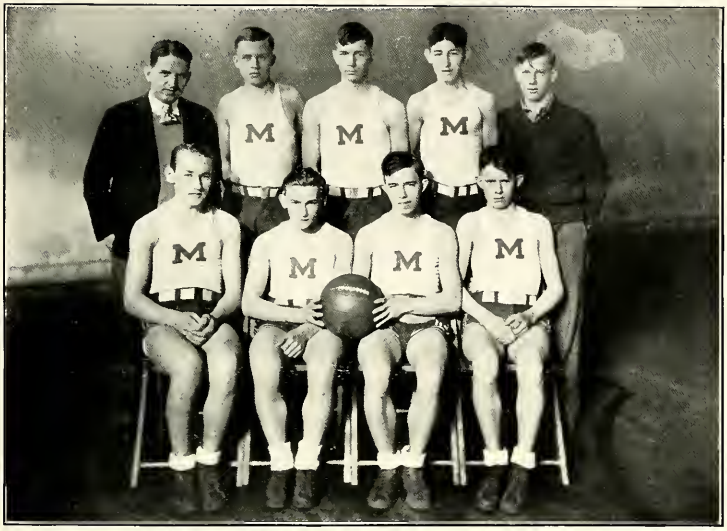

LAUREL BLAKE (Jim)
(Back guard)

Although this was Jim's first year on the squad he proved that he deserved a berth on the varsity by his guarding ability. He is a heady player and probably can keep the opponent from scoring although he does have two or three men to guard. When placed in such a situation he generally gives his war whoop which has been quite a service to him during the past season. Jim is a Junior and we are certain that he could be and probably will be a great help in rounding up the Arabian defense for next year.

HALFORD POOR (Jock)
(Yell leader)

He has only served for a portion of the year, but in that time he has indicated at every turn that he has the "old pep" and is a true and loyal booster. If effort on the yell leader's part would produce victories, our team would be state champs. He is only a Freshman and is sure to do our school lots of good before he leaves it.

Baseball Record

Sept. 13—First baseball game of season at Summitville. Defeated by a score of 6-2. First game of the season for the local nine, the third contest for the Goblins. The Arabians had an inexperienced twirler, Barnett. Also the locals were not used to playing in a woods and the cement road which divided the playing field occasionally bothered them.

Sept. 18—Won first game of season at Frankton by a score of 11-9. Due to the fact that Frankton depended upon their catcher to determine the foul balls and to avoid an argument the locals gave the Frankton crew four outs in one inning. Mace started in the box with Barnett soon relieving him.

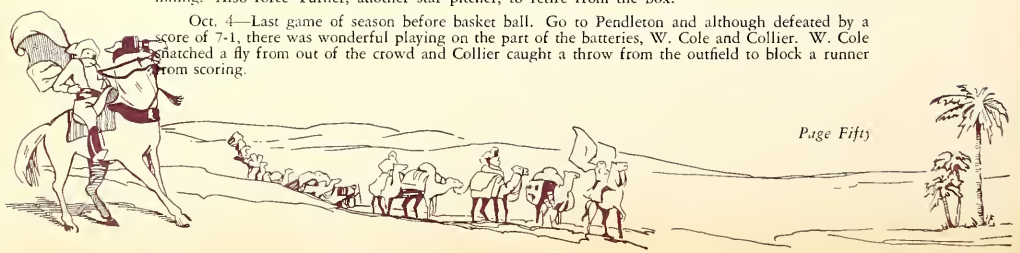

Sept. 20—First game at home with Summitville. Locals won by a score of 5-4. W. Cole pitched the entire game. An unusual but clever event happened in the first half of the last inning when Barnett, the third baseman, held a Goblin on third base by pretending to catch a wild throw. If the runner had been successful in scoring it would have tied the score.

Sept. 25—Defeated Frankton for the second time of season by a score of 6-5. An extra inning was necessary to be played to determine the winner. W. Cole started in the box with Barnett coming in in the first half of the last inning to strike a man out for the third out while three waited eager on base to reach home plate. Also a nice hit by Rector, the local outfielder, brought the deciding runs across the plate. P. Cole, star shortstop, scored three of the six runs for the locals.

Sept. 27—Go to Lapel and receive second defeat of season. After leading in the first half of the last inning the locals were nosed out by a score of 10-9. The local sluggers forced Neese, the star Bull Dog twirler, to leave the box. W. Cole again started with Barnett relieving.

Oct. 2—Play Lapel at home and defeat them by score of 12-5. Score eight runs in second inning. Also force Turner, another star pitcher, to retire from the box.

Oct. 4—Last game of season before basket ball. Go to Pendleton and although defeated by a score of 7-1, there was wonderful playing on the part of the batteries, W. Cole and Collier. W. Cole snatched a fly from out of the crowd and Collier caught a throw from the outfield to block a runner from scoring.
